

Presentation: School-Based Bullying Prevention: Evidence and Good Practices

Jane Riese — Expert Consultation on Bullying and Cyberbullying

2015

Introduction

This presentation by Jane Riese was delivered at the Expert Consultation on Bullying and Cyberbullying. It examines key issues related to violence against children with a focus on school-based bullying prevention: evidence and good practices.

Key Points

- * Overview of the situation and evidence base
- * Existing legal and policy frameworks
- * Good practices from national and regional experiences
- * Challenges in implementation
- * Recommendations for strengthened action

Conclusions

Jane Riese calls for strengthened political commitment and improved coordination between governments, UN agencies, civil society, and communities to protect children from violence.
