

Tackling Violence in Schools: A Global Perspective

Report of the Expert Consultation, Oslo

2012

Executive Summary

This report presents outcomes of an expert consultation on violence in schools. Forty-five experts from 30 countries reviewed global evidence and developed recommendations for national and international action.

Key Recommendations

- * Adopt and enforce legal prohibitions on corporal punishment in schools
- * Invest in teacher training on positive discipline and child rights
- * Establish confidential reporting mechanisms accessible to students
- * Develop school safety policies with student participation
- * Collect data on school violence disaggregated by sex and type
